Baby Finger (Pinky)

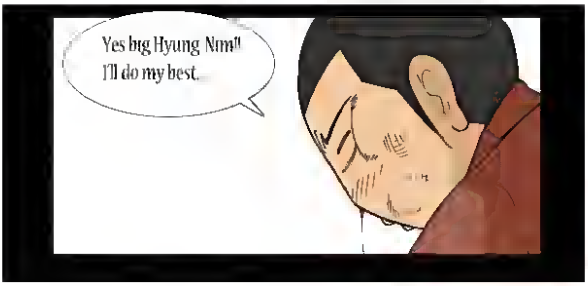
Translated by: PoisonJoint Edited by: Crimson Null

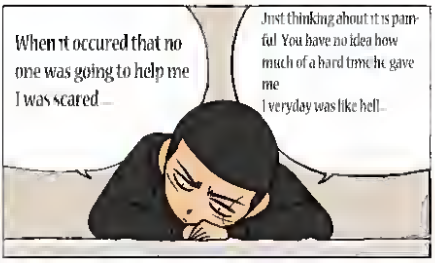
I wasn't able to handle being hit so many times ..
and I ended up giving up.....

Once you become apart of the organization you need to live with us or die with us
So Win, are you saying something like that
My apologies...

Even if I was scared and in pain

I should have just quit...





When it occured that no one was going to help me I was scared...
Just thinking about it is painful You have no idea how much of a hard time he gave me
I veryday was like hell...

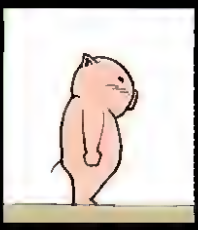
During summer we went to an off road valley for discipline training...

At dinner time Big Hyungnim called for me

To Eat....

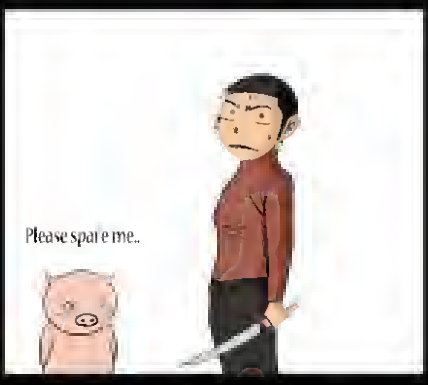


He brought a live pig from somewhere...

Editor's note very creepy

Our youngest still hasn't stabbed anyone yet, right?!
It'll be good training!... Being in an organization there might be a situation eventually where you'll need to use a knife...

but he told me to kill the pig myself....



In my hand there was a knife....

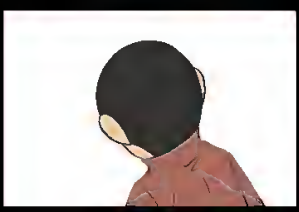
and there was a green onion in big Hyung-nim's hand

But He had more than me

Big Hyung-Nim, who was staring at me with green onions in his hand, was more frighting

I tried to killed to the pig because big Hyung nim me to do so but....

I just.



couldn't do it!...

Then as I expected...

I was beaten to near death

Hey~ SukChun!!

How are you?

Hey, YongHo!

Ever since you dropped out, school hasn't been fun anymore...
and I haven't seen seckln because he's studying so much...
Seckln... Studying?
He's been studying so he can go to college...
Well, he was pretty smart...
Maybe I should just quit now as well...
and follow you into the life of a gangster...
Don't...I'm really starting to regret it...
There's only three months left. Don't spout nonsense and at least graduate...Even if you can't go to college like Seckln...
I think gangsters are cool
Cool? yeah right... I'm trying to think of a way to quit and run away
what?! Run away?! What would you do then if you quit?!
I really want to go back to school...
I feel stupid! quitting school.... To make money...

While being apart of the organization, I've yet to recieve a good amount of pay
I Get beaten everyday saying it's for discipline...

I get an allowance sometimes ..

but it all goes towards to medical bills...

If I continue to stay like this...I'll either die or end up in jail

Either way I'll be ruining my life..
